

Flying Cars

Use a dictionary to find these words in the article and write your own definition in the boxes below.

decade

a period of 10 years

clogging

obstructing a route with excess matter

urban

relating to a city or town

congestion

overcrowded or clogged up with traffic

prototype

the original or model on which something is based

Explain why the words *zooming* and *clogging* have been chosen in this article and the effect they have on the reader.

Zooming shows that the new transport will be quick, whereas *clogged* shows that cars are quite slow. This leaves the reader with impression that flying cars are better.

Why will a vehicle capable of a vertical take-off make it easier to use in urban areas?

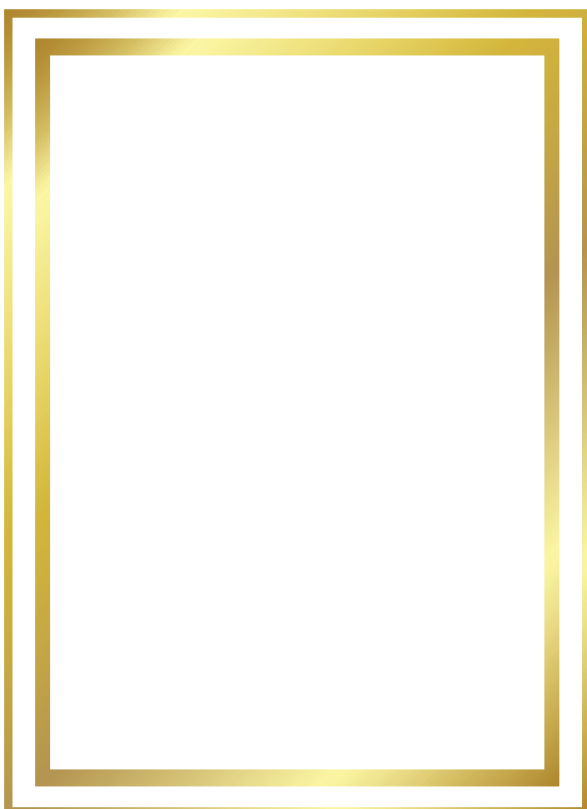

They will go straight up and will not need a runway.

Ancient gold coins and Who needs boots?

Tick the correct box next to the statement.

	True	False
